

 Decades of Performance

Professional Evolution Compact Canister Vacs

**PROFESSIONAL GRADE POWER AND
PERFORMANCE MADE EASY FOR
HOME USE.**

- » Features a 4.0 Peak HP twin fan motor with HEPA Filter.
- » Built to be heavy-duty with all-steel construction, yet weighs only 9 lbs. It's light enough to be carried over the shoulder or can be easily rolled on its smooth gliding wheels and swivel casters.
- » The suction is far superior to most ordinary vacuum cleaners and sweeps up garages, workshops and walkways with ease. The 200-mph air blower is reversible and can be used as a powerful inflator.
